

EVERLAST MEDCORE GROUP

Connecting Africa to India's Leading
Healthcare Institutions

An Exclusive Healthcare Partnership delivering international medical
coordination, patient support, and recovery management.

AFRICA · INDIA · GLOBAL HEALTHCARE NETWORK

WHO WE ARE

About EMCG

Everlast MedCore Group (EMCG) is an international healthcare facilitation organisation connecting patients across Africa with leading hospitals and specialist healthcare providers across India.

We manage the entire patient journey — from initial consultation and treatment planning through to travel coordination, hospital admission, post-treatment recovery, and follow-up care.

OUR MISSION

To bridge the healthcare gap between Africa and India by providing seamless, compassionate, and professionally coordinated access to world-class medical treatment.

OUR VISION

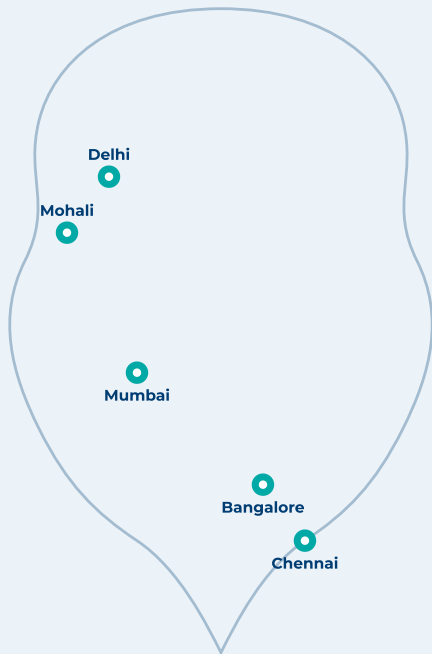

To become Africa's most trusted gateway to advanced medical care, ensuring every patient receives the treatment they deserve, regardless of geography.

OUR REACH

Trusted Healthcare Network

Partnered with India's most reputable hospital groups across five key cities.

PARTNER HOSPITAL

Apollo Hospitals

MULTI-CITY – CHENNAI • DELHI • MUMBAI • BANGALORE

Apollo Hospitals is India's largest and most trusted healthcare group, with a legacy spanning over four decades. Renowned for pioneering advanced treatments and attracting international patients from over 120 countries, Apollo combines cutting-edge technology with compassionate clinical care across its extensive network.

KEY SPECIALTIES

 Cardiology

 Cancer Care

 Neurology

 Orthopaedics

 Organ Transplant

 Critical Care

Why EMCG Recommends Apollo: As India's foremost healthcare institution, Apollo provides our patients with access to internationally accredited facilities, multi-disciplinary specialist teams, and dedicated international patient services ensuring seamless care from arrival to recovery.

PARTNER HOSPITAL

Reliance Hospital

MUMBAI, MAHARASHTRA

Reliance Hospital is part of the Sir H. N. Reliance Foundation Hospital group, one of India's most advanced quaternary care facilities. Located in Mumbai, it offers a comprehensive range of medical and surgical specialties with state-of-the-art infrastructure and a patient-first philosophy.

KEY SPECIALTIES

 Modern Diagnostics	 Critical Care	 Advanced Surgery
 Consultation	 Multispecialty Care	 Imaging Services

Why EMCG Connects Patients Here: Reliance Hospital's world-class infrastructure, combined with its commitment to evidence-based medicine and international standards, makes it an ideal destination for patients seeking advanced diagnostic and surgical care in India.

PARTNER HOSPITAL

Manipal Hospitals

MULTI-CITY – BANGALORE • DELHI • GOA • JAIPUR

Manipal Hospitals is one of India's leading multi-speciality healthcare providers, operating across 28 hospitals with a legacy of clinical excellence and innovation. Their commitment to patient-centred care and advanced medical procedures has earned them recognition as a top choice for international patients.

KEY SPECIALTIES

Cardiology

Neurology

Oncology

Orthopaedics

Gastroenterology

Robotic Surgery

EMCG Partnership: Manipal's extensive specialist network and technologically advanced facilities allow EMCG to offer patients access to robotic-assisted surgeries, precision oncology, and comprehensive organ transplant programmes at internationally competitive rates.

PARTNER HOSPITAL

MGM Healthcare

CHENNAI, TAMIL NADU

MGM Healthcare is a premier quaternary care hospital in Chennai offering comprehensive clinical services across 56 specialties and sub-specialties. With over 600 beds and a team of nationally recognised clinicians, MGM delivers exceptional outcomes in complex medical and surgical cases.

KEY SPECIALTIES

Cardiac Sciences

Liver Sciences

Cancer Care

Transplant

Critical Care

Neurosciences

EMCG Patient Support: MGM Healthcare's dedicated international patient department works alongside EMCG to ensure African patients receive culturally sensitive care, personalised treatment plans, and seamless coordination throughout their medical journey.

OUR CLINICAL PARTNER

MEDICOVER HOSPITALS

Medicover Hospitals is a globally recognised healthcare brand operating state-of-the-art facilities across India. As EMCG's clinical partner, they deliver world-class medical outcomes through highly skilled specialists, advanced technology, and European-standard compassionate care.
