YOUR RECOVERY, OUR PRIORITY

At Everlast MedCore Group, we understand that traveling abroad for medical treatment can feel overwhelming for both patients and families.

That is why we provide fully coordinated international recovery programs designed to deliver peace of mind, comfort, and professional support throughout every stage of the healing journey.

From arrival and treatment coordination to recovery and return home, our dedicated team ensures every detail is professionally managed so patients and families can focus entirely on healing.

“

“Families Focus On Healing. EMCG Handles Everything Else.”

WHY EMCG IS DIFFERENT

More Than Medical Travel Coordination

HOSPITAL & SPECIALIST COORDINATION

Direct access to accredited hospitals and leading medical specialists across multiple countries.

RECOVERY SUPPORT PLANNING

Personalized post-treatment recovery plans including accommodation, nutrition, and wellness support.

FAMILY ASSISTANCE

Comprehensive support for accompanying family members, including accommodation and daily coordination.

REHABILITATION COORDINATION

Physiotherapy, wellness programs, and rehabilitation services coordinated with specialist providers.

TRAVEL & ACCOMMODATION

Complete travel logistics, airport transfers, premium accommodation, and local transportation management.

LONG-TERM FOLLOW-UP

Telemedicine consultations, remote monitoring, and ongoing care coordination after return home.

“At Everlast MedCore Group, we do more than coordinate medical travel. We remove the stress, confusion, and uncertainty often associated with international treatment and recovery.”

Delivering **peace of mind** to patients and families across the globe.
